

## *Tri-County Early College*

*“Nothing Less Than Success.”*

January 28, 2019

Dear 8th Grade Parent or Guardian,

Today, your child heard a presentation about choosing a different path to earn a high school diploma. Tri-County Early College High School is a small school that believes in preparing our students for excellence in college and in today's modern, global marketplace. Our mission is to provide rigorous and engaging instruction that is relevant to the real world while also providing a culture of relentless support and positive relationships. Our high school is structured so that students learn curriculum and skills through hands-on, project-based experiences while simultaneously being enrolled in face-to-face college classes from day one as entering freshman. This gives the students a distinctive opportunity to earn up to two years of transferable college credits while earning their high school diploma. This exciting and unique learning opportunity is available, free of charge including college textbooks, to any rising 9th or 10th grader in Cherokee and Clay Counties.

If you are interested in hearing more about this alternative to the traditional high school model for your child, then please make plans to attend Parent Information Night on Tuesday, February 12th at 6:30pm in the McSwain Lecture Hall on the campus of Tri-County Community College. I encourage you to also visit our school webpage at <http://www.tricountyearlycollege.org> and view TCEC's recruitment video on YouTube at [http://www.youtube.com/watch?v=\\_Numg0vtIbM&feature=em-upload\\_owner](http://www.youtube.com/watch?v=_Numg0vtIbM&feature=em-upload_owner). Feel free to contact the school if you have any questions regarding these meetings or the program in general. We look forward to meeting you on February 12th.

Sincerely,
